Presented by
Dr. Radha Thambirajah
3 DAY WORKSHOP
SYDNEY: 20TH - 22ND JANUARY 2018
MELBOURNE: 2ND - 4TH FEBRUARY 2018

Cosmetic Acupuncture is primarily about health – not about beauty

The skin reflects what is going on within and is subjected to our daily dietary and lifestyle choices. Beauty comes from within, but it can also be enhanced by many artificial and invasive methods from outside. However, lasting healthy skin can only be a manifestation of good health and a tranquil mind.

This course aims to discuss the theory and practice of balancing energetic states of the body and mind, in order to treat problems of skin, the connective tissue that adhere the skin firmly to the muscle, muscle sagging and postural problems relating to ageing – and how to correct them.

Course Outline

A deep understanding of the skin is essential when practicing Cosmetic Acupuncture and Acupuncture for Dermatological Diseases. Practitioners will learn about the skin pathology and skin related conditions and will have plenty of opportunities for technique practice under Radha's guidance.

Participants will learn three protocols of practice for each therapy:

1. Body acupuncture for balancing energies to correct the cause of the problem
2. Local treatment on areas of sagging/wrinkling/pigmentation/cellulite etc.
3. Advising the patient on diet and life style in order to stabilise the effects achieved

What You Will Learn:

1. Theory: The Skin
2. Skin Types
3. Skin Diseases: Diagnosis and Treatment
4. Cosmetic Acupuncture:
 - Face & chin sculpting
 - Saggy Skin (improving muscle tone)
 - Fine wrinkle needling
 - Deep wrinkle needling
 - Wrinkle treatment (with gua sha massage, plum blossom tapping & posture corrections)
 - Odema of eyelids, face and extremities
 - Dark rings around eyes
 - Cellulite treatment
 - Abdominal lifting
 - Obesity and weight reduction
 - 13 Point protocol for weight loss
 - Hair loss
5. Dermatology:
 - Acne
 - Eczema
 - Psoriasis
 - Hair loss
 - Vitiligo
 - Keloids
 - Herpes
 - Excessive sweating
 - Bells Palsy

6. Acupuncture protocols (local needling techniques & energy balancing methods)
7. Special needling techniques (plum blossom tapping, cupping, blood letting, electrical needle stimulation, laser etc.)
